ADDRESS 2720 N. Glenstone

## Investigation Results

1/4/92 (8:30 am) GENE & I WENT TO THIS ADDRESS & LOOKED AT THE STORM WATER RUN-OFF. THERE WAS A RAINBOW ON TOP OF THE WATER AND WE COULD SMELL GASOLINE. WE ALSO NOTICED ROOMS HAD BEEN PUT OUT IN A COUPLE OF PLACES. WE CHECKED MH'S 27, 26, 25

WE MAP F-13 AND GOT O.E.L. WE THEN WENT AND TALKED TO EMPLOYEES OF THE FILLING STATIONS ON NORTH GLENSTONE WHO DRAIN TO THAT AREA, TO SEE IF THEY HAD HAD ANY SPILLS ON THEIR LOTS FROM CUSTOMER OVERFILLS, TRANSPORT TRUCK OVERFILLS, ETC. WE CHECKED AT THE FOLLOWING LOCATIONS:

- 1) VICKERS STATION, 2542 N. GLENSTONE - THEY DIDN'T HAVE ANY SPILLS THAT THEY KNEW ABOUT
- 2) PHILLIPS 66, 2545 N. GLENSTONE - WE TALKED TO CURT. HE SAID HE WAS OFF OVER THE HOLIDAY WEEKEND (HE WILL CALL IF HE FINDS OUT ANYTHING) HE DIDN'T HAVE ANY SPILLS THAT HE KNEW OF AND THAT THEY HAD FILLED A TANK YESTERDAY.
- 3) AMOCO, 2623 N. GLENSTONE - THEY DIDN'T HAVE ANY SPILLS THAT THEY KNEW OF.
- 4) SHELL, 2631 N. GLENSTONE - WE TALKED TO BILL HOPPER. HE DIDN'T HAVE ANY SPILLS THAT HE KNEW OF. HE SAID THAT 2-3 WEEKS AGO THEY HAD NEW LINES INSTALLED FROM THE TANKS TO THE PUMPS. HE ALSO SAID THE TRANSPORT TRUCK CAME SATURDAY. THE WOMAN WHO WORKED AT THE CASH REGISTER SAID THAT SHE SMELLED A STRONG GASOLINE O.D. YESTERDAY MORNING WHEN SHE CAME TO WORK.

WE THEN CHECKED MH #6, WE MAP G-13, AND GOT O.E.L. 1:00 PM I WENT BACK TO LOOK AT THE STORM WATER DITCH NEAR HOLIDAY INN. THE RAINBOW ON THE WATER WAS GONE & I COULDN'T SMELL ANY GASOLINE. ONE OF THE FIRE MARSHALS WAS THERE, HE SAID HE HAD COME TO PICK UP THE ROOMS.

MEMO TO FILE

RE: Diesel fuel in storm ditch next to Holiday Inn

On Sunday, March 12, 1989, at approximately 4:00 p.m., I received a call on the pager concerning diesel fuel in the storm ditch that runs beside the Holiday Inn at 2720 N. Glenstone. I talked to the manager, Keith Harvey when I got there. He said that hotel personnel had been smelling the diesel fuel all day long, and when he came on duty at 3:30, he thought he ought to call the Fire Department about it. I drove back to the office and got the truck and the storm sewer maps. I checked all of the areas that drain to that storm ditch. At 6:10 p.m. the water coming out of the pipe into the storm ditch was clear. I noticed that the Vickers Station at ---- N. Glenstone sold diesel fuel and that they seemed to have quite a lot of fuel spilled around the pump. It's possible that all of the melting snow washed it off the lot into the storm ditch. I also observed that they had been doing some digging in the lot and there were hay bales near the curb. I called the manager of the station, Jim Lovelace(8319667), and asked him about the digging. He said there had been no leaks, they were just putting in new pumps. He also said they had had no spills as far as he knew.
